Vistor Quotes:

"Thank you on behalf of both Sue and I for a most intriguing evening. It was a high risk formula which was calculated to take us all out of our comfort zone, and indeed did so, but one which came off very well and made us think and talk."

Jonathan Hunt
High Sheriff of South Yorkshire

"A very thought provoking exhibition. The theatre production really brought the message home"

Helen Jenkinson, Preston

"Nice effective 'total art' presentation. True to your theme and allowing others to harmonise with it. An organic exhibition which does what it says on the packet."

Zoe Grace, Sheffield

"Beautiful atmosphere, beautiful exhibition, beautiful people, beautiful inspiration."

Joseph Tame, Sheffield

"Congratulations on a successful thought provoking event."

Anne-Maree Gentile, Australia

"Great artwork and an important concept. It reminds me how much we forget what is genuinely important connecting with people from across the world and connecting with nature."

Chris Broome, Sheffield

"Lovely"

Irene Cliff, Leeds

"Would like to see more! This is an extremely important subject to cover and done very well."

Jonathan Parkin, Sheffield

"I particularly liked the video installation. I felt calm being here as well. It exudes serenity."
